Education/Academics:

The Greenwich Country Day School

20201-2025

- Varsity rowing, four years, captain as junior and senior
- Varsity lacrosse since sophomore year
- Co-president Computer Science Team since sophomore year
- Student Government representative since sophomore year
- High Academic Honors
- Received engineering diploma

Community Leadership:

Constructing Houses

2022

- One week in West Virginia building houses for the less fortunate
- Sponsored by the Appellation Service Project
- Personally constructed one house, and helped develop many more
- At least 4 unprivileged families and children were impacted positively

Service Sign-Up Website

2022

- In partnership with school, I was part of a team of three that developed a full stack website that enabled students to seamlessly partake in school-sanctioned service opportunities and collective valuable data for use in-house
- This website increased service sign ups by 234% as of June 2022, and has given schoolchildren the opportunity to connect and impact more underprivileged people

Additional Information:

American Computer Science League (ACSL)

2021-2025

- 99th percentile of scores in the competitions
- Perfect scores since sophomore
- Received gold medal ACSL Finals since sophomore year
- Tied for best score in school since sophomore year
- Helped develop the ACSL team from a low-mid rate team to the biggest contender in northeast USA
