Objective

I aim to grow my expansive knowledge of computer science through real world experience and by practicing and learning relevant skills. I would like to broaden my understanding of the computer science industry and work on meaningful projects.

Key Skills

- Python
- SQL and Database Management
- Unix
- GitHub
- Fundamental Knowledge: C, C++, Java, HTML, CSS, JavaScript

Greenwich Country Day School Class of 2025

Computer Science
September 2022 – Present

- Computer Science Team Captain
- Cornell University High School Coding Contest – April 2023
  - Finished 10th of 80 teams
  - Competed with two other 10th Grade teammates and were the highest placing sophomore team
- American Computer Science League (ACSL)
  - Perfect individual score, Senior Division
  - Qualified as an individual to ACSL Finals, Senior Division
  - Mentor to two students to prepare them for ACSL Junior Division competition

September 2021 – June 2022

- Was advanced two years ahead in Computer Science curriculum for 10th Grade, based on 9th Grade performance and achievement
- American Computer Science League
  - One of three 9th Graders invited to participate in ACSL, Senior Division
  - Individually placed 4th out of 16 GCDS team members in ACSL, Senior Division
  - Qualified as an individual for ACSL Finals, Senior Division
  - Highest scoring member of GCDS team in ACSL Finals

Recognitions & Achievements
Academic Courses and Performance

- 9th and 10th Grades: Honors Level in English, Science, History
- 9th and 10th Grade Honors Level and Accelerated in Math and Latin
- Working toward GCDS Engineering Diploma in addition to high school diploma
- GPA: 4.0 Unweighted

Exploration of Learning
- Description: Students are asked to do deep research into a topic of their choice, within specific grade level guidelines. Students create a formal presentation that they then showcase for faculty, administration, and parents.
- Achieved highest grade, Pass With Distinction (PWD), on both 9th and 10th Grade EOL.
- Part of a select group of 10th Grade students at the PWD level that was additionally recognized for excellence.
- 9th Grade EOL topic: Indonesia's Effect on Climate Change; 10th Grade EOL topic: Linus Torvalds and the Creation of Linux

Community Service and Work Experience

Stanwich Church Student Service Group
- Member of this student led and managed group that organizes services opportunities throughout the year both in Greenwich, CT and the greater Fairfield and Westchester County communities.
- Served over 25 hours working with The Fuller Center in Mamaroneck and Chappaqua.

Appalachia Service Project
- July 2022: Traveled as a student volunteer to West Virginia with a team of students and advisors from Stanwich Church.
- Spent one week renovating parts of a private home. Worked from demolition to installation to ensure that this family had a safe, handicapped accessible bathroom for their child.

Greenwich Country Day School
- Volunteer regularly through the GCDS Center for Public Good. Most frequently working in a program that assigns students to help senior citizens with technology.
- Currently organizing a Backpack Drive for Kids in Crisis

Employment
- Summer 2022, Spring 2023: Millbrook Club, Caddy
- Spring 2023: Greenwich Youth Lacrosse K – 5th Coach

Athletics

September 2022 - Present
- GCDS Varsity Crew Team
- GCDS Varsity Crew Coaches Award for Athletic Achievement
- Invited to Head of the Charles regatta as stand-by rower for senior four-seat boat

September 2021 – June 2022
- GCDS Varsity Crew Team
- GCDS Tiger Pride Award for Sportsmanship for both Varsity Crew and JV Lacrosse
- January 2022: Lifter of the Month Award

Leadership

- June 2022 – Present: Sophomore Class Vice President (Peer Elected Position)
- September 2022 – Present: Member of the Honor Board (Faculty Elected Position)
- Captain of GCDS Computer Science Team
